

Bike for Boobs 2018 Sponsorship Guide

About Bike for Boobs

In honor of Breast Cancer Awareness month, The Wine Pub rolls out its sixth annual Bike for Boobs event on Sunday, October 14, 2018. Bike for Boobs is a casual bicycle ride and mixer supporting the fight against breast cancer.

Led by Sandy Hanshaw, a local breast cancer survivor and restaurant owner, Bike for Boobs brings hundreds of people together in a pink-infused scenic bike ride around Shelter Island to raise money for the fight against breast cancer. The bike ride has raised more than \$30,000 to date and receives an overwhelming amount of local support from neighbors, companies and media outlets.

Following the ride, guests are invited to mingle over drinks, appetizers, live music and a silent auction for a good cause at The Wine Pub benefiting local organization, Shades of Pink Foundation.
